Subject: Deficient Reclamation Surety and Reclamation Contract, Jon Young, Torrey Buff Quarry, S0550012, Wayne County, Utah

Dear Mr. Young:

On April 13, 2007, the Director of the Division of Oil, Gas and Mining signed the reclamation contract for the Torrey Buff Quarry Notice of Intention to Commence Small Mining Operations (NOI), file number S0550012. A copy of the executed reclamation contract/surety is enclosed for your records. This action has made it possible for your existing reclamation surety to be in place with the Division; however, you should note that there are deficiencies either in your Notice of Intent or in your surety/bond amount that need to be rectified.

Right now, the amount of surety/bond that is currently posted does not correspond with the information in your NOI. Based on the information in the NOI the Division has determined that you must post a surety in the amount of \$20,700.00 if the amount is escalated for three years and \$22,300.00 if it is escalated through five years.

The NOI indicates you will disturb less than five acres, but there is actually less than one acre disturbed. You may wish to amend the NOI to show this reduced amount of disturbance. At such time as we receive and review an amended NOI, we will determine an appropriate reclamation cost based on the new information and notify you of any changes needed to your surety/bond. If you choose not to amend your NOI we will expect the above stated amount to be filed with the Division within 30 days.
